Accessibility at the Post.

Arrive with ease. Stay comfortably.

It is important to us that all guests feel welcome and comfortable at our hotel. That is why we place great importance on making our property as accessible as possible – from arrival and the entrance area to the guest rooms.

On this page you will find an overview of the most important information regarding accessibility in our hotel. We are also happy to assist you personally or by phone and support you in planning your stays.

Accessibility Information

Arrival & Parking

- A barrier-free parking space is available directly at the hotel.
- The path from the parking area to the main entrance is fully paved/concreted.
